

London Wildlife Trust events

Spring and summer 2015

Attend our free walks and get to know your local wildlife. We'll help you to discover ancient woodland wildflowers, bats, owls and butterflies and teach you how to identify trees and birdsong. Booking is not necessary unless stated. Meeting point for Sydenham Hill Wood events is inside the Crescent Wood Road entrance. If you would like to make a contribution to London Wildlife Trust donations are welcome but not compulsory.
